# You looked for it – **WE GOT IT!**

Separate relative Chapels for Elementary & Secondary

Church on Sunday *is not enough alone* to counteract all the evil our young people face in today's world. God is *allowed* at WOLTS and His Word and principles are interwoven in all our subjects! What a blessing to sing Christmas songs and pledge allegiance to both our great country and our great Lord! Teachers at WOLTS consider what they do to be more than a job—to them it is a ministry!

### ***Elementary***

A fun, modern learning environment is waiting for your child at WOLTS. Proven Abeka Curriculum teaches Pre-Schoolers to read, while elementary students test 1-2 years ahead of their peers in other schools. Godly respect and character are emphasized daily by both the administration and teachers.

### ***Secondary***

Our four day school week provides time on Friday for students to get individual instruction by teachers in various subjects. Dual credit college courses and various educational tracks are available at WOLTS. Our entire curriculum is also available in our accredited E-School for those students who live far away.
